

# Honeywell® Batteries H4420-Li

Maximize the Performance of your Falcon® 4420 Series Scanner.

The H4420-Li is a direct replacement for the OEM P/N 11-0023 battery that is used in the Falcon® 4420 Series Scanner.

## Battery Features:

- Contains the highest quality battery cells.
- Provides excellent discharge characteristics.
- Provides longer cycle life.
- Extends operating time and reduces the total number of batteries needed.
- Rigorous testing including temperature, vibration, shock, drop, short circuit, and overcharge.

## Cell Specifications:

Chemistry: Lithium Ion  
Voltage: 3.7 volts (nominal)  
Capacity: 2400 mAh

Up to 20%  
MORE Capacity  
than the OEM

## Battery Dimensions:

Width: 1.73 inches (43.95mm)  
Length : 2.13 inches (54.24mm)  
Height: 0.74 inches (15.81 mm)  
Weight: 58.4g

## Warranty:

Each battery is guaranteed to be free from defects in materials and workmanship, and can maintain a minimum of 80% of its rated capacity for 12 months from date of shipment under normal use.

## About Honeywell® Batteries

Honeywell® Batteries are engineered for hand-held bar code scanners/mobile computers, portable printers, two-way radios, and uninterruptible power supply systems (UPS). We also produce a line of intelligent battery chargers and we design custom applications for clients' specific mobile power needs. We are proud to be a leader in Mobile Power Technology, design and development.

The cornerstones of our business are product quality, customer service, immediate availability and attractive pricing.

We look forward to serving you.
