

SUGAR POINT.

EVERY COFFEE BEAN COUNTS

SUGARPOINT is the ideal solution for consistent quality coffee every day

The customer can enjoy the same coffee in taste regardless of the person who prepares it.

With **two containers** for white and brown sugar which are **closed**, we **avoid the contact with viruses as well as its crystallization from the humidity of the environment.**

Patented system for absolute accuracy. Deviation less than 2 micrograms.

The machine is available in glossy black and inox
